

MR. R. LOEB DEAD

One of Paducah's Most Prominent
Citizens Dies After a Long Illness.

He Was Seventy-Two Years Old, and Had
Been in Business Here For
Forty Years.

NO FUNERAL ARRANGEMENTS MADE

Mr. Reuben Loeb, of the wholesale
whiskey firm Loeb & Bloom died this
morning at 10:40 o'clock at his home,
corner of Fifth and Broadway, from
Bright's disease, after an illness of
three years.

REUBEN LOEB.

time, about a year ago, but he did not
appear to be any worse than usual.

This morning he arose, ate his break-
fast, and talked to his wife. The
latter was called away, and it was
while she was on the street on her
way to Mrs. M. Bloom's that she was
called home by her husband's sudden
collapse.

Mr. Loeb was sitting in his arm
chair when suddenly his nurse noticed
that his hands had fallen to his sides.
Running out to secure assistance and
remove the patient to the bed, he
found Mr. Stewart Dick, who assisted
him. Mr. Loeb died without a
struggle after he had been placed on
the bed.

The deceased was born December
31, 1829, in Hechingen, Hohenzol-
lern, and was accordingly 72 years
old. His native home is one of the
most celebrated places in Germany.
In 1847 he came to America, and lo-
cated in Paducah. He was at first
in the dry goods business.

Later he formed a partnership with
his present partner, Major M. Bloom,
and the firm is today the oldest in
Paducah, and one of the best known
in the country. It is remarkable how
devoted the two gentlemen were dur-
ing the forty years they were have
been in business. They have never
had a serious disagreement, and were
the staunchest, most loyal friends im-
aginable from that day to this, and it
is feared Mr. Loeb's death will prove
a hard blow to Mr. Bloom, who is
himself 71 at present.

Mr. Loeb was twice married, the
last time to Miss Rose Lichtenstein,
at Galveston, Texas, who with three
children survives him. The children
are Messrs. Sydney H. Jesse,
B. Loeb, and Miss Florence May Loeb.
Mr. Sydney Loeb is now in Texas, and
was telegraphed this morning and is
expected as soon as he can get here.

Mr. Loeb also leaves a brother, Mr.
Jacob Loeb, and sister, Mrs. Helen
Heilbroner, the latter being mother
of Mr. Max Heilbroner, in Germany,
and a niece in Paducah, Mrs. E. Fels.
His mother-in-law, who is 80 years
old, has always made her home with
him here.

Mr. Loeb was one of Paducah's best
citizens. He had lived here for
many years, and like many others
had seen the town expand into a thriv-
ing city. He was generous, charitable,
and kind, and was a most unobtru-
sive, unassuming but progressive
man. He is one who will be greatly
missed, and his death removes another
of the older citizens who are pass-
ing away one by one. Mr. Loeb is
doubtless one of the wealthiest men
in Kentucky. His life has been one
of prosperity, and he leaves quite a
fortune to his family.

The funeral arrangements have not
yet been made, but it is certain it will
not take place before Sunday. An-
nouncement will be made in due time
when his absent son is heard from.

THE CAMPAIGN OPENS

It Will Soon Be Getting Lively For
the Democratic Candidates.

The First Speaking at Fulton This
Evening Between Congressional
Aspirants.

THE COMMITTEE MEETS SHORTLY

The contest for the Democratic
nomination for congress from the first
congressional district will be opened
this evening at Fulton.

Mr. George Greenup, of the city,
will address the voters there, and it
may be that his opponents, Messrs.
Ollie James and Sam Crossland, will
be there to divide time. It is an-
nounced that Mr. Greenup's daugh-
ter, Miss Lottie, of the city, will fur-
nish music on the violin. Miss Green-
up is now teaching a class on the vi-
olin in Paducah, and last week created
something of a sensation by accom-
panying her father and playing the vi-
olin at his speaking. The innovation
took well, and won for the candidate
good audiences, and made many
friends for the young lady, who was
always warmly applauded.

Since then Miss Greenup has re-
ceived many letters from newspapers
for her picture, and journals from
even far New England have sent to
local correspondents for specials about
the affair. It seems to have been un-
precedented in the history of the
country.

Miss Greenup is a modest young
lady who would shrink from anything
like notoriety, but is very enthusiastic
over her father's campaign and is one
of the finest violinists ever heard here.

The congressional committee of the
Democratic party of this district meets
here a week from Saturday to decide
on the method of selecting a candi-
date. It seems a primary is generally
desired.

Paducah Young Man Returns From
the Philippines.

He Was There Three Years—Fought in
Many Battles.

Mr. Elmer Webb, of 631 Jefferson
street, returned this morning from
the Philippines, where he served
three years in the United States army.
He was engaged in many skirmishes
and battles, and having served his
term of enlistment, received his dis-
charge and came home. He is in good
health, and did not find the Philip-
pines so disagreeable as many other
soldiers seem to consider them. He
enlisted in Texas about the time of
the Spanish-American war, and today
when he went home to see his rela-
tives, it was the first time he had been
home in seven years. Needless to
say, his return was a pleasant surprise.
He has had many adventures and seen
some tough experiences, but does not
seem to regret any of his exploits, al-
though he feels that he has enough of
army life.

EIGHT HOUR DAY.

CONTRACTORS TO MEET TO
CONSIDER CARPENTERS'
DEMANDS

The carpenter contractors of the
Building association will meet at Con-
tractor Mel Byrd's office this after-
noon to consider the demand of the
carpenters' union for an eight hour
day at 35 cents an hour. They have
been working nine hours for \$2.50, but
under the present demand will get
\$2.80 for eight hours.

Several other unions made demands
for an eight hour day some time since,
but nearly all afterwards withdrew
them, believing that the time is not
quite ripe for the eight-hour day in
Paducah. The carpenters met to con-
sider their demands a night or two
ago and it was decided to reiterate
them.

The contractors will probably refuse
the demands, and offer to grade the
carpenters.

ON LEAVE.

LIEUTENANT F. W. SMITH ON
HIS WAY HOME ON A VISIT.

Lieutenant Finis Wilson Smith, U.
S. A., of Lyon county, was in the
city today en route home on a visit
to relatives. A few days ago at
Fort Sam Houston, Texas, he fell
down and broke his left arm, and re-
covered a thirty days leave of absence.
Fort Sam Houston is near El Paso,
Texas, and quite a number of soldiers
are stationed there.

Mr. Smith's leave will probably
lay him up for several weeks. He is
in the infantry, and has been in the
army for about eight years.

A STEADY INCREASE

Post Office Receipts Will Probably
Be \$1,000 in Excess of Last Year

In Another Year the Receipts Could
Probably Be \$40,000
or More.

NEW OFFICE FURNITURE IS ORDERED

The fiscal year for the United States
Postoffice will end the last of March.
The receipts during the year have thus
far been \$33,000, and the prospect is
that they will be \$37,500 by the close
of the fiscal year, March 31.

This will be an increase of about
\$1,000 over the total receipts of the
preceding fiscal year, which were
\$36,105, and about \$2,000 over the
fiscal year before that, \$35,394. This
is a very gratifying growth in the city
and its business. When Postmaster
Fisher took charge over four years
ago, the total receipts were only \$23,-
000 a year. In four years they have
increased over ten thousand dollars.
Postmaster Fisher is confident that
the Paducah office could be placed in
the first class if the merchants showed
the proper spirit. He means that the
legitimate sales of stamps, on which
the class of postoffices is based, en-
titles Paducah to a place among first
class cities. Many merchants buy
stamps elsewhere, in order to help
out other cities. It is said that some
firms have been known to buy hun-
dreds of dollars worth of stamps in
Atlanta, Ga., and other places equal-
ly as far away for the sole purpose of
swelling their receipts. If these
stamps, which are used here, were
bought here, Paducah would go into
the first class without fail next year,
and this would be a great advantage,
as it would increase the pay of local
officials, including all clerks, and en-
able the office to get many extra al-
lowances, and would in addition re-
sult in Paducah's being classed with
all the big postoffices of the country.

All that is suggested is the legitimate
purchase of stamps used here, instead
of sending away to buy them.
Postmaster Fisher has just received
notice that a new set of office furniture
for him has been shipped by the de-
partment. It is one of the finest that
can be found, and the desk will be
decidedly the finest in the city. The
furniture will be placed in the post-
master's office as soon as it arrives,
and will include a new carpet. The
total cost of such an outfit is nearly
\$100.

A LIVELY SEASON.

A Portsmouth, O., Company to Take
La Belle Park Theater.

There Will Be Comic Opera, Vaudeville and
Drama Throughout the Summer.

A deal has been practically closed by
which a big company of Portsmouth,
Ohio, takes charge of La Belle park
theater and will run it through the
coming season on a plan more elab-
orate than ever known before. The
name of the new lessees is not given
out yet, but the deal is practically
closed.

General Manager Wallace, of the
street car company, stated this morn-
ing that there will be at the park the-
ater comic opera, vaudeville and
drama during the entire summer, thus
giving the people a variety that will
make the performance continually in-
teresting, and banish all monotony.

As soon as the weather clears up
work at the park will begin. Several
thousand dollars are to be spent there
in enlarging and beautifying the theater,
and improving the grounds. A large
tank is to be placed on the hill for the
purpose of supplying water for sprink-
ling purposes, and keeping the park
continually cool.

La Belle park theater promises this
season to be more popular than ever
before. The company that is to be on
during the summer will be composed
of first class artists.

DEPUTY MARSHAL HERE.

HE IS JUST IN FROM A TRIP
BELOW, BUT HAD NO PRIS-
ONER.

Deputy United States Marshal
Saunders returned to the city at noon
today after a business visit to May-
field and to Owensboro.

Major Saunders has a warrant for
the arrest of a well known Mayfield
bootlegger, but the man was too sick
for him and gave him the slip. He
will return this week and make the ar-
rest, however. The person warranted
has been carrying on his business for
some time but no sufficient evidence
could be gotten sooner to effect his ar-
rest.

The store has been removed to the old
New stand, 115 South Third street.

MIDWINTER GOLF AT PALM BEACH, FLA.

The Florida season is just now at its height. All the resorts along the
coast are lively with fortunatists who are able to escape the rigors of
more northerly February weather. Perhaps one of the most popular places
is Palm Beach, where many well known people are now staying. Golf is a
favorite amusement at Palm Beach. It is played in knickerbockers and
slit sleeves and under the shade of lofty palms. The annual tournament for
the southern championship begins at Palm Beach Feb. 22.

MOTORMEN FIGHT.

They Joked and Then Got Miffed, and
Houston Wilkerson Was Hurt.

Marshal Crow and Officer Tom Potter Got
There in Time to Prevent Further Trouble.

Houston Wilkerson and Al Ven-
ters, two motormen in the employ of
the Paducah Street Railway company,
had a fight this morning about 10
o'clock near Elizabeth and Third
streets, and Wilkerson, as a result,
has a badly wounded head.

A car which Wilkerson was running
had bumped out at that place, and As-
sistant Superintendent Jones and Ven-
ters had come up to examine it.
Wilkerson and Venters began to joke
Mr. Collins, and finally got to them-
selves, and before long they at dag-
gers points Wilkerson, it is said, who
is not tempered made a dash for Ven-
ters, who warned him to keep off the
car, but Wilkerson ran on, and as he
reached the step of the car he struck
in the head by Venters, a hatch key
being used as a weapon. Marshal
Crow and Officer Potter were at the
scene, and arrived just in time to
catch Wilkerson with a pistol. He
had warned the crowd to get aside,
and that he was going to shoot some-
body. He had procured a pistol
in a nearby saloon, and had tipplers
not taken it away, would gladly
have used it. Both were arrested, and
a warrant issued against Wilkerson for
presenting and flourishing pistol,
and one against Venters for breach
of the peace. Wilkerson's head was
badly wounded by the heavy key,
but he is not seriously hurt.

Dr. Jeff Robertson had to do
twenty stitches to close the wound in
Wilkerson's head.

REPRESENTATIVE CLARK

HASTENED TO TELEGRAPH
THAT THE THIRD CLASS
BILL WAS AN ERROR.

Representative Clark, as soon as he
saw the dispatch in the Courier-Jour-
nal that he had introduced a bill
transferring Paducah to the third
class again, telegraphed here that it
was a mistake, and he was doing all
in his power to have the second class
bill passed.

A MARINE HOSPITAL

The Applicants Here Increase Every
Month—Paducah Ahead of Cairo.

Last Month Surgeon Frank Boyd Attended
Sixty-Five Who Had Ap-
plied to Him.

HOSPITAL IS VERY GREATLY NEEDED

Dr. Frank Boyd, who is marine hos-
pital surgeon at this place, thinks that
Paducah stands an excellent chance of
getting a marine hospital, if the proper
effort is exerted. Years ago there
was one here, but it was destroyed
during the war, and has never been
rebuilt.

There is doubtless no city from
Pittsburg to Memphis that needs a
marine hospital more. Dr. Boyd
finds from his records that last
month there were 65 marine applica-
tions for medical attention, and nearly
all of them he attended, while
others were ordered to the marine hos-
pital at Cairo. The number of such
applications increases every year, and
is large enough already to justify a
marine hospital.

The government pays Dr. Boyd as
marine surgeon here, for the cases of
sick seamen he attends, but for the cases
of those who apply have to be sent to
Cairo, and a few have been too ill
when they reached the city to be tak-
en further. It is believed that if the
people will have their Congressmen
take up the matter, they can get a
hospital here. A bill was introduced
some time ago for the purpose, but
failed to get out of the committee
room.

TO ORGANIZE.

BRANCHES OF THE OHIO VAL-
LEY ASSOCIATION AT CAIRO
AND MOUND CITY.

Captain F. M. Daugherty, of the
Ohio Valley Improvement Association,
left this morning for Cairo and Mound
City, Ill., where he will organize
branches of the association between
now and Saturday. Captain Daugherty
has done good work for the associa-
tion below, and will organize in all
the towns and cities. Large mem-
berships will doubtless be organized at
Cairo and Mound City, especially.

RE-RATING PADUCAH.

Insurance Men Expect it Will Be
Done Shortly Now.

Nothing of the Increased Rates Yet Re-
ceived in Paducah.

It is practically certain that there
will be a re-rating of Paducah for fire
insurance in a short time. It is not
known when it will be, but it is
thought it will be soon. The reason
it is probable is that Paducah has never
been re-rated under the new sched-
ule of the Kentucky and Tennessee
Board of Underwriters.

It seems to be the general opinion
that the notice for increasing the rates
twenty-five per cent will be received
here in a short time. Some agents
expect it at any moment. In Mem-
phis it has gone into effect already,
and has caused no little dissatis-
faction.

WILL OF WILLIAM WEST.

DESIRES HIS WIDOW TO CARRY
ON HIS MINSTREL SHOW.

New York, March 4.—The will of
the late William H. West, who died
recently in Chicago, was filed for
probate today in the surrogate's court
in Brooklyn. It was executed in Chi-
cago on December 31, 1901. The es-
tate is supposed to be worth \$500,000.
The testator leaves \$10,000 to his sis-
ter, Eliza Gibbons, of Rochester, and
his gold watch to his nephew, William
H. Flynn. All the remaining personal
property, together with one-third of
the real estate, is bequeathed to his
widow, Emma C. West. The remain-
der of the real property is
divided equally to his brother, Robert
R. Flynn of Syracuse; his half brother,
John J. Fitzgerald of Auburn, N.
Y., and his sister, Margaret E. Pen-
body of Auburn. The bequests to the
brothers and sisters are subject to a
charge of \$5,000 and a monument to
the testator's memory. In the West
plot in Greenwood cemetery. In his
will he expresses his desire that the
widow carry on his minstrel show as
long as it proves profitable.

Mayor Yeiser Sold a Telephone
Franchise to Highest Bidder.

Mr. Dunn and Associates Buy It—Name
of the Proposed New
Company.

ANOTHER FIGHT IN THE COUNCIL

Mayor D. A. Yeiser this morning
at 10:30 o'clock sold the much talked
of telephone franchise to Mr. Joseph
L. Dunn of Wilkesbarre, Pa., at the
city hall, he being the only bidder at
the sale.

There were not many cut at the
sale, excepting several interested in
the telephone business. The follow-
ing are Mr. Dunn's associates: Messrs.
Fred C. and George Rickenballe,
George B. Hillman, George R. Mc-
Clain, William Sharpe, James P. Gor-
man and R. E. Ashbrook, the latter of
Paducah, and the others of Wilkes-
barre, Pa.

The gentlemen intent to file articles
of incorporation as soon as the council
ratifies the sale of the franchise, and
hope to get to work, they say, by the
middle of the month. Material will
be ordered as soon as the sale is set-
tled.

It is not known what the council
will do with the sale when it is pre-
sented for ratification. The Retail
Grocers' Association and possibly
others who are opposed to the dual tel-
ephone system will make an effort to
have the council refuse to ratify the
sale, but it is not known how the
council will stand on it.

The new company will be known
as "People's Independent Telephone
Company."

ALL CONTINUED.

All the Cases in Police Court Put
Off This Morning.

The Police Got a Man Supposed to Be
Guilty of Burglary.

Bob White, colored, who was ar-
rested in Jackson, Tenn., on a charge
of assaulting Mrs. Tom Dunnett and
robbing her of two rings, and Annie
Hendrick, charged with being an ac-
complice, were presented this morning
in police court and the case was con-
tinued until tomorrow. The man re-
turned without a requisition, and was
brought in last night by Marshal
Crow.

The case against Will Davis, charged
with obtaining board by false preten-
ses, was continued.

Sam Dodd, colored, was arrested by
Officer Tom Potter last night on a
charge, of breaking into Denker's sal-
oon, and stealing a pistol and some
other things. It developed that he
also, night before last, broke into
Phil Stephen's, and stole some goods.
Henrietta Taylor, colored, was ar-
rested on a charge of receiving stolen
goods. It is claimed some of the stolen
property was given to her. The
trials will come up tomorrow.

THE RAILROAD HOSPITAL.

THERE IS A DECREASE IN PA-
TIENTS, AND ALSO
IN DEATHS

Dr. Dillon of the local I. C. hos-
pital, in looking over the books of the
hospital, finds that the number of ad-
mittances in the hospital up to the
present date this year is ten less than
the admittance this time one year
ago. There has also been a decrease
in the number of colored ad-
mittances of 200, the majority
of the patients being white. The
records show more outside cases
this year than last, which can not be
counted in with the railroad cases.

The local doctors have had a dull
season, except during the short period,
when so much grip existed. Tak-
ing things generally, there has been
less serious illness this winter than in
some time, and the number of deaths
also have decreased. At the beginning
of winter, just after the long heated
term, the doctors were surprised to
find so little illness.

THIS IS GOOD NEWS

A Dike Will Probably Be Built Near
Ogden's After All, It Seems.

Congressman Wheeler Wires That He Had
It Incorporated in Rivers and
Harbors Bill.

PROVIDES FOR A GOOD IMPROVEMENT

Captain Joe Fowler last night re-
ceived the following telegram:
Washington, D. C., March 5.—Cap-
tain J. H. Fowler, Paducah, Ky.—
My bill ordering survey and estimates
for wing dam at Ogden's is incorpo-
rated in the Rivers and Harbors bill.
Signed

CHARLES K. WHEELER.
This came as a great and pleasant
surprise to the river men in this lo-
cation, who had concluded from re-
ports received here that there was
nothing in the rivers and harbors bill
for the benefit of the lower Ohio.

This was the general understanding
until Congressman Wheeler's telegram
was received. The dispatch, how-
ever, throws new light on the subject,
and changes the prospect for securing
the much needed dike at Ogden's
Landing twelve miles below Paducah,
from a very bad to a very good one.

This dike is desired to make a navi-
gable stage of water from Smithland
to Cairo, which will insure good boat
log water between Paducah and Cairo
the year around. The dike will prob-
ably cost in the neighborhood of \$50,-
000 or \$75,000.

The Rivers and Harbors bill is ready
to be reported to congress and will
probably be adopted as the committee
reports it. It is one of the most im-
portant bills considered by congress,
and all the work on it is done by the
committee, which has now com-
pleted its labors, and it would seem
from Congressman Wheeler's telegram, has
embodied in the bill the above provi-
sion.

BIG PAINTING CONTRACT.

MR. ROBERT McCUNE TO TOUCH
UP THE BUCKSKIN BILL
PROPERTY.

Mr. Robert McCune, the well
known local sign painter, has just
closed a contract with the Buckskin
Bill show people to paint their entire
properties. He will repaint all the
cars of the show and the wagons and
all banners and side show advertise-
ments. The painting that is now on
the apparatus has been dimmed by the
exposure to the weather and every-
thing will be done over. Mr. McCune
will begin on the work today and will
probably finish within one month.
This is one of the biggest sign and
picture painting contracts ever let to
a local man.

The new owners of the show will
spare no pains to make it even better
than it has been and intend to make
it up to the standard of the great
Buffalo Bill show.

THE SUN PUZZLE PICTURE.

AT "THE KENTUCKY."

One of the most conspicuous figures before the American public is the celebrated hypnotist and expounder of hypnotism, Prof. Philip De Lancy. Prof. Philip De Lancy is a graduate of the famous Paris school of science where his remarkable genius made him easily the first student among the vast number at this world-renowned institution of learning.

Prof. Philip De Lancy is more than a hypnotist. He is a profound thinker on subjects that pertain to psychology or the science of the mind. Since his first appearance in public his career has been one continuous repetition of success. Visiting all the principal cities of the United States, he has astounded people of the highest intellect and cultivation—physicians, ministers and educators. They have all been a unit in declaring that Prof. Philip De Lancy's powers were greater than they had ever before conceived of. His control over other minds is as mysterious as it is absolute, and when in an hypnotic condition his subjects obey him as implicitly as though he were the czar of all the Russias. On Sunday night, March 9, Prof. Philip De Lancy will appear in Paducah at the Kentucky under the auspices of the Boston Psychological Research Society, and the citizens of Paducah will have the opportunity of seeing the feats that have made this wonderful man a mystery to the medical and scientific world.

A number of the most prominent of the local physicians and educators will occupy the stage with Prof. De Lancy at this exhibition.

LINCOLN'S COOLNESS.

Courage, not of the school of war, but of the blood, shines in every anecdote of Lincoln. Thomas F. Prendle, for thirty-five years a doorkeeper at the executive mansion, need frequently to accompany President Lincoln on his walks about town.

On one occasion, says a writer in Leslie's Weekly, Prendle was walking with the president down a flight of steps at the navy department, when they came suddenly upon a man who was evidently endeavoring to hide himself in a dark corner at the bottom of the staircase.

Observing the stranger and fearing he meant harm to the president, Prendle essayed to place his body in a position to protect his companion. Mr. Lincoln, however, fearless as always, stepped forward and closely scrutinized the man, who ran rapidly up the stairs, and turning squarely around when he reached the top, looked down at the president, who did not falter but continued to gaze sharply at him. On their return to the White House Mr. Lincoln said, quite calmly:

"Prendle do you know I received a letter last night warning me against a man who exactly answered the description of that man we met on the steps."

MUSICAL NOTES.

"Evil Eye," a spectacular production by Yale, was presented yesterday afternoon and evening to appreciative audiences at The Kentucky. It is on the order of "Devil's Auction," and presents to the public a number of clever artists. The singing, dancing and scenic effects are fine, the costumes elegant and the entire show one well worth seeing. The specialties are as good as any seen this season, and everybody was greatly pleased with the performances. The Kennedy Brothers, acrobats, Miss Emily Bonner, female baritone, Miss Mayme Mayo, Mr. Charles Loder, George W. Kerr, the basso, all deserve special mention. Miss Mayo is one of the most attractive, as well as talented singers and dancers seen here this season, and Mr. Loder is an entertainer who never fails to entertain, and it is regretted was hampered last night by hoarseness. The troupe of dancers can not be outclassed, and the electric ballet was both beautiful and novel, while the "eccentric horse marine band" is a burlesque that evoked great applause.

Prof. Harry Gilbert has resigned as organist at the Baptist church, and taken charge of the organ at the First Presbyterian. He is also organist at the Temple. Miss Courtney Puryear is organist at the Baptist church, to succeed Prof. Gilbert.

Price's Floating Palace is at the bank above here, receiving slight repairs. Capt. Price has many friends here, who are glad to see him again.

Prof. Geo. Smith, the noted violinist, formerly of Paducah, is now leader of an orchestra at Colorado Springs, Col.

GREATLY BEHIND.

THE WEATHER HAS DELAYED THE SOWING OF OATS THIS YEAR.

There is perhaps not a farmer in McCracken county who has sowed his oats. They are usually sowed in the middle of February, but this year the weather has been such that it was impossible. The result is that they are away behind. Oats may be sowed later, but there are so many other things to do later that the farmers will find themselves hopelessly delayed, and many will probably not sow any at all.

NATIVES PROVE TOO SLOW.

Frankfort-on-Main, March 6.—The big American insurance companies are introducing Yankee agents throughout Europe. Many other American concerns, notably the flour trust, are following their example.

American manufacturers have discovered that the native representatives are too slow, and that they frequently employ dishonorable devices to retard the sales of American goods in favor of home articles.

Foley's Honey and Tar for children, safe, sure. No opiates.

THE RIVER NEWS.

(By W. F. LAMBERT, REPORTER.)

Observations taken at 7 a. m. River 31.3 on the gauge, a rise of 2.3 in last 24 hours. Wind southwest, a light breeze. Weather clear and warmer. Temperature 32. Fell, Ob-server.

The Tennessee is due today from Tennessee river.

There was not much stir today down on the wharf.

River still on the swell with 31.3 on the gauge this morning.

The Mary Stewart left for Golconda this morning with a fair trip.

The City of Memphis is now at Mound City on the ways for some light repairs.

The City of Pittsburg from Cincinnati is due early next Saturday morning for Cairo.

The sidewheel City of Pittsburg will leave Cincinnati today for Memphis and all way landings.

The City of Clifton from Tennessee river is due this evening from Tennessee river for St. Louis.

The John S. Hopkins from Evansville arrived and departed on return trip today with fair business in and out.

The New South that leaves Cincinnati next Saturday for New Orleans has nearly all her rooms taken for a round trip of excursionists.

The New South is receiving to leave for Paducah, Cairo, Memphis, Vicksburg, New Orleans and Mississippi river landings, next Sunday.

Captain Koger, superintendent of the St. Louis and Tennessee River Packet company, returned last night from Cairo on the Dick Fowler.

The Dick Fowler had one of the prettiest trips out of Paducah this morning on her departure for Cairo that she has been complimented with for many days.

The Eagle Packet company of St. Louis that have had their fleet of boats in winter quarters here will "open the ball" by sending the Bald Eagle out of here next Sunday.

Pilot John Carroll of the city, who was ill for several months here from locomotor ataxia, is improving in the Marine hospital at St. Louis, where he has been for some time past.

Mr. James Allison, chief engineer of the St. Louis and Tennessee River Packet company, went to Cairo this morning to look after some work on to be done on the City of Memphis.

The John K. Speed from New Orleans passed up today for Cincinnati. She had a big trip. Captain Don Marr and his side partner, Harry Proctor, chief clerk, were looking well and from appearances looked as though the Lord was their friend.

It is not generally known, says the Courier-Journal, but it is a fact nevertheless that the steamer Gen. Lytle, Capt. Humph. Godman, came from Cincinnati to Louisville, making nine landings, in 6 hours and 31 minutes. Wash. Bercaw, in charge of the tower at Goss avenue for the L. and N. railroad, was one of her clerks, and one of the few men living who ran on the Lytle in her palmist days. The Lytle exploded her boilers opposite Bethlehem, Ind., while racing with the People's Line steamer St. Charles. A number of lives were lost.

A Pittsburg dispatch says: "Preparations have been made by the river coal companies for the shipment of a large amount of coal on the present good stage of water. The Monongahela River Consolidated Coal and Coke company will endeavor to get out tomorrow 2,500,000 bushels. The coal is already in the harbor, and part of the boats will be started in the morning. The other boats will be started as soon as they can get in with their empties. Most of those coming in were heard from today, and are expected to get in early tomorrow morning."

The Waterways Journal says: "It is a matter of fact that during the late unpleasantness in the sixties licensed steamboatmen were not only enlisted, but forced and pressed into service. In the different blockades they, the pilots especially, were exposed to more dangers than others. How many of them are drawing pensions, and for what amounts? There never has been any special provision made for them. Admiral Porter, at that time in charge of the navy in western waters, and Gen. Grant, who were both in the Vicksburg blockade, are reported to have said that if anyone deserved pensions, it is the pilots, and we are of the same opinion."

While we were at Washington, says Sir Edward, the head of the chancery gave me a letter to which an answer had to be written, and told me to draft it. I dashed off what I thought would do, trying to make it as short as possible, and it went down for approval.

In due time the box came back, the head of the chancery unlocked it, took out the bundle of drafts, and presently stalked angrily to my desk, holding my luckless effusion between his finger and thumb. My writing was stroked through from end to end, and underneath was written:

"Brevity is the soul of wit, but I object to absolute nonsense.—L."

I was deeply hurt, but the lesson sank in, and I never again "dashed off" a draft.

At another time the cock-sureness of youth came under Lord Lyons's displeasure. Allusion was made one day to the assault on Marshal Haynau, the Austrian general who was reputed to have flogged women during the Hungarian rebellion. He was brutally attacked in 1850 in London by brewers' draymen and cruelly beaten.

The subject was talked about at dinner and one of the young secretaries took the part of the draymen on the plea of "served him right."

Lord Lyons struck in quietly. "Do not attempt," he said, "to find an excuse for an act which was a national disgrace."

NATHAN STUBBLEFIELD MAY SELL HIS PATENT FOR A BIG SUM.

Nathan Stubblefield, the Calloway county man who claims he has invented wireless telephony, was in the city last evening en route to Washington, D. C., where it is understood he is to meet two men from Paris and probably sell them his patent rights in his invention. It is said they offered him \$40,000 for it and \$2,000 a year royalty for life.

"SHE BURNS GREEN"

The greatest discovery of borax in the United States was made in the terribly hot region known as "Death Valley," and in a most romantic way. The Chicago Record tells the story.

In 1880 Aaron Winters lived with his wife, Rosie, in a gulch known as Ash Meadows, not far from the mouth of Death Valley. He was so fond of his wife that he would not allow her to be long absent from him, although their little hut on the side of the mountain was one hundred miles from the nearest neighbor, in a wild, rugged, forsaken country.

One day a desert tramp came along and spent the night at the Winters home. He told the hunter about the borax deposits of Nevada. When he went away Winters thought that he had seen deposits of the same kind on his explorations into Death Valley.

Accordingly he and his wife went together to make the search, having previously provided themselves with certain test chemicals, which, when combined with borax and ignited, would produce a green flame.

Having procured a piece of the substance which he believed to be borax, Winters and his wife waited for nightfall to make the test. How would it burn?

For many years they had lived like Piutes on the desert, entirely without luxuries and often wanting the very necessities of life. Would the match change all that?

Winters held the blaze to the substance with a trembling hand, then shouted at the top of his voice: "She burns green, Rosie! We're rich! We're rich!"

They had found borax. The mine was sold for twenty thousand dollars, and Winters took his Rosie to a ranch in Nevada.

THE OVERZEAL OF YOUTH.

The self-confidence of youth in business matters often receives a necessary check. Sir Edward Malet relates in "Shifting Scenes" an incident where in he was very properly rebuked by his chief in the diplomatic service, Lord Lyons.

While we were at Washington, says Sir Edward, the head of the chancery gave me a letter to which an answer had to be written, and told me to draft it. I dashed off what I thought would do, trying to make it as short as possible, and it went down for approval.

In due time the box came back, the head of the chancery unlocked it, took out the bundle of drafts, and presently stalked angrily to my desk, holding my luckless effusion between his finger and thumb. My writing was stroked through from end to end, and underneath was written:

"Brevity is the soul of wit, but I object to absolute nonsense.—L."

I was deeply hurt, but the lesson sank in, and I never again "dashed off" a draft.

At another time the cock-sureness of youth came under Lord Lyons's displeasure. Allusion was made one day to the assault on Marshal Haynau, the Austrian general who was reputed to have flogged women during the Hungarian rebellion. He was brutally attacked in 1850 in London by brewers' draymen and cruelly beaten.

The subject was talked about at dinner and one of the young secretaries took the part of the draymen on the plea of "served him right."

Lord Lyons struck in quietly. "Do not attempt," he said, "to find an excuse for an act which was a national disgrace."

—On Tuesday, March 11, we are to have at The Kentucky that favorite and breezy musical comedy, "The Telephone Girl." All the prominent cities of the country have been played during the past three seasons, beginning with New York, where it enjoyed a most phenomenal run of over two hundred and fifty nights, accorded it a most enthusiastic reception, and it seems not to have surrendered one jot of its popularity. "The Telephone Girl" is in two acts. Tunesful melodies pervade them, and no more taking music was ever written or evolved. The company is headed by the big quartette of fun makers, singers and dancers, Frank Blair, Mabel Hite and Douglas and Ford.

THE GIFT OF LIFE

Mr. Biedewolf Preached on Its Rejection Last Night.

The Big Meeting Drawing to a Close—Much Interest and Good—Notes.

A large and deeply interested congregation was present at the Union Gospel meeting last night. The song and praise service was especially delightful. Prof. Maxwell is a genius in the art of holding the interest by happy variation of the exercises, there is no sameness in his methods to pall upon one. Last night a new feature of interest was allowing the audience to call for their favorite songs, and it was very popular. Just before the sermon Mr. Maxwell sang "Dream of the Judgment Day" with a power and earnestness that had its undoubted effect.

Mr. Biedewolf's text combined John 10:10 and John 5:40, "I am come that they might have life, and that they might have it more abundantly."—"And ye will not come to me, that ye might have life," making a very strong foundation for his powerful sermon. He emphasized with startling directness and force the rapidity with which we are dying. Dying at the rate of 91,000 a day, or 4,000 a minute, and how we instinctively turn from the thought. The early American explorers were seekers after the fountain of eternal youth, and we still cry "life, life." Jesus says "I am come that ye might have life, and have it more abundantly." He alone can give it. Men are longing for the wrong kind of life. The life they seek only comes through Jesus. Death is but a physical gateway through which we enter on a fuller life. How may we get this life? Jesus says, "I am the Way, the Truth, the Life." Why is there life in Jesus Christ? Because He is the only person who overcame Death, and who overcame sin. He died that He might rise again to a greater life. It was a wonderful plan of God's to save the world in no other way. This old world is swinging around to faith in Jesus Christ. The old desire for living will be supplanted with a nobler purpose—to live to help others, to live this nobler life until the Tree of Life bursts into bloom. It will rob death of its sting. You never saw a Christian terrorized by the thought of dying. Without the life that Jesus can give man is without hope. Men in all ages have longed for a life beyond the grave. The heathen nations thought much of the immortality of the soul. Men are not afraid to die because of any future existence, but because of their share of it. You cannot be a Dives in this world and a Lazarus in the next; indifferent here, and a sharer of glory there. It is not that men do not know the way, but that they will not walk in the way. There are many lines dividing this audience tonight. Some are poor, some are rich, some ignorant, some

Talk of Organizing a Boat Crew—Y. M. C. A. Reception Being Arranged For.

After the big union services have been closed, the Y. M. C. A. gymnasium classes will again be organized and the regular drill work taken up. Mr. Roy Potter, the former physical director, will probably not be in the city, and the work will be carried on by Mr. Overton Brooks, late of Annapolis, Md., where he has been in the naval academy.

Mr. Brooks is an experienced man in athletics, having taken the full course at that academy. The several new games recently received, indoor base ball and football, will be played until summer, and then the outdoor sports taken up. There is a movement on foot to organize a cutter crew here. Several young men interested in boat racing have started the movement, and will attempt to secure a large enough subscription among themselves to purchase a regular ten seat cutter and work on the river this summer. This is a sport that has not been seen here in many years, and if everything turns out as expected, the boat will be purchased, and the Paducah public treated to a sight seldom seen in these parts. Regular cutter races, such as are run by the college students in the East, have never been seen here, and will prove a novelty.

Secretary Escott is planning to arrange for a big reception for the association members and their invited friends. The former receptions have been successful, but not as much so as the management would like, and plenty of time will be given the members so that no dates will be arranged to interfere with their attending the reception. This month already the membership has increased about 45 and to swell the enrollment of members is the object of the reception. Speeches and a full explanation of the benefits and advantages of the association will be made, and it is thought this will be one and the best method of securing new members.

The ladies' committee held a meeting yesterday afternoon at the association to arrange for a big concert that will be given soon for the benefit of the association. The ladies are the most diligent workers in the cause, and the success of the association is due largely to them. The date of the concert will be announced later.
